

## Craig Haberman, Secretary/Chair-Elect

Board Member since 2021

Craig has been the pastor of the Ely United Methodist Church since he moved here in August of 2018. A life-long Minnesotan, with the exception of four years he spent in seminary in Dayton, Ohio, Craig has served United Methodist congregations since 1985 in all parts of Minnesota except the southeast corner. But it's "Up North" that he calls home, after living in the area full-time for 20 years (in three chunks). Craig also has visited Crane Lake annually since 1966, where his family has had a cabin, he worked as a dock boy, and both his father and he were pastors of the Crane Lake Chapel.

Craig has two adult sons, daughters-in-law, and six grandchildren, who love Ely, but don't get here often because they live in Pennsylvania and Sioux Falls respectively. He loves to spend time outdoors in all seasons and appreciates the wide variety of activities, recreational options, community organizations, and interesting people who live here.

Craig was drawn to Northwoods Partners by the vital need its programs fill in the community. Even after a year and a half, Craig's amazement grows at the sheer number of Northwoods Partners' programs and their scope. He's also energized by the capability, enthusiasm, and good humor of the board, staff, and volunteers.
